## **Appointments and Questions**

Use this chart to organize appointments with your healthcare team. Write down any questions you may have for that visit. It is common to forget your questions until after your appointment, when you can actually think more clearly. Having these questions written provides a quick reference.

Date	Time	Person / Where	Doctor and Treatment Plan
Date	Time	Person / Where	Questions to ask your healthcare team, including nurse, pharmacist, nutritionist, social worker, counselors, or any doctors.
