Be Invincible! Vince Papale's Playbook for Defeating Colorectal Cancer

The movie, *Invincible*, was inspired by the true story of an ordinary guy who at age 30 achieves his lifelong dream of becoming a professional football player after making an open tryout for the Philadelphia Eagles. After years of tackling the NFL, Vince Papale had to tackle colorectal cancer. Hear Vince Papale's account of his colorectal cancer diagnosis and his inspirational story of treatment and recovery. Patrick Boland, MD, medical oncologist, Rutgers Cancer Institute of New Jersey, will provide an overview of colorectal cancer conditions, preventive strategies, symptoms, diagnostic technologies such as CT Scans and colonoscopy and advanced treatments like clinical trials.

Tuesday, March 22 | 6 to 7:30 p.m.
