

# Science Café Appendix

<u>Date</u>		<u>Presenter</u>
December 9, 2021		<b><i>“Accelerated Brain Aging in Chemobrain”</i></b> Mi-Hyeon Jang, PhD Associate Professor Dept. of Neurosurgery, Robert Wood Johnson Medical School
December 10, 2021		<b><i>“South Asian Breast Cancer Survivorship Cohort Study”</i></b> Jaya Satagopan, PhD Professor Associate Dean for Faculty Affairs Department of Biostatistics and Epidemiology School of Public Health Rutgers, The State University of New Jersey
January 13, 2022		<b><i>“Using Social Media for Cancer Education: Understanding how Latinos and Latinas engage with health information and misinformation on social media platforms”</i></b> Dr. Yonaira Rivera Assistant Professor of Communication Rutgers School of Communication and Information
January 25, 2022		<b><i>“Evaluating The Impact of Obesity in Underserved and Minority Breast Cancer Survivors”</i></b> Elisa V. Bandera, M.D., Ph.D. Co-Leader, Cancer Prevention and Control Program Interim Director, Population Science Research Support Shared Resource Rutgers Cancer Institute of New Jersey Robert Wood Johnson Medical School
February 10, 2022		<b><i>“Community Engagement Strategies in the Mexican Immigrant Community”</i></b> Karen T. D’Alonzo, PhD, RN, APN-C, FAAN Associate Professor, Division of Nursing Science Director, Center for Community Health Partnerships Rutgers School of Nursing

---

April 6, 2022

Dr.

***“Novel Therapeutic Targets in the treatment of T-Cell Leukemia”***

Daniel Herranz Benito  
Assistant Professor of Pharmacology  
Cancer Pharmacology Liaison  
for Community Outreach and Engagement  
Rutgers, Cancer Institute of New Jersey  
Robert Wood Johnson Medical School  
Rutgers, The State University of New Jersey

---

April 13, 2022

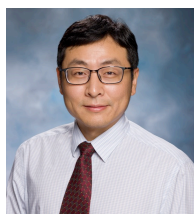

***“Educational Intervention for Inflammatory Bowel Disease (Ulcerative Colitis and Crohn’s Disease) Awareness”***

Manisha Bajpai, Ph.D  
Associate I Member - Cancer Pharmacology Program  
The Cancer Institute of New Jersey  
Assistant Professor, Department of Medicine  
Division of Gastroenterology and Hepatology  
The Crohns and Colitis Center of New Jersey  
Rutgers Robert Wood Johnson Medical School

---

May 5, 2022

***“An Unwelcome Hacker: How Virus Turns Normal Liver Cells Into Tumors”***

Jian Cao, Ph.D  
Assistant Professor - Department of Medicine  
Robert Wood Johnson Medical School

---

May 17, 2022

***“Genetic Factors in Breast & Ovarian Cancer”***

Bing Xia, Ph.D.  
Professor of Radiation Oncology  
Rutgers Cancer Institute of New Jersey Rutgers  
Robert Wood Johnson Medical School

---

May 18, 2022

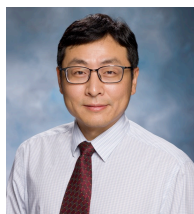

***“Amino Acids In Cancer Prevention and Treatment”***

Tracy G. Anthony, Ph.D  
Professor -Department of Nutritional Sciences  
School of Environmental and Biological Sciences  
Rutgers, The State University of New Jersey

---

May 25, 2022  
**Community  
Scientist Cohort  
ONLY**

***“An Unwelcome Hacker: How Virus Turns Normal Liver Cells Into Tumors”***

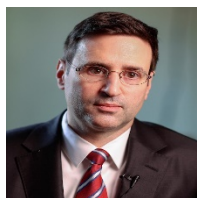

Jian Cao, Ph.D  
Assistant Professor - Department of Medicine  
Robert Wood Johnson Medical School

---

---

***“Cell Therapy for Viral and Non-Viral Cancers”***

June 7, 2022

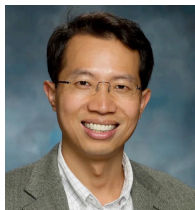

Christian Hinrichs, MD  
Chief of the Section of Cancer Immunotherapy  
Co-Director of the Duncan and Nancy MacMillan Cancer  
Immunology and  
Metabolism Center of Excellence  
Rutgers Cancer Institute of New Jersey

---

***“Genes, Environment and Luck In Getting Cancer”***

June 16, 2022

Chang S. Chan, Ph.D  
Associate Director of the Center for Systems and  
Computational Biology at Rutgers Cancer Institute  
of New Jersey  
Associate Professor - Department of Medicine  
Robert Wood Johnson Medical School

---

***“People, Places and Prostate Cancer:  
Opportunities for Prevention and Early Detection”***

September 6, 2022

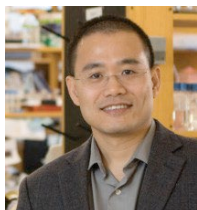

Hari Iyer, ScD, MPH  
Assistant Professor, Division of Med Oncology  
Section of Cancer Epi and Health Outcomes  
Department of Medicine  
Robert Wood Johnson Medical School  
Rutgers, The State University of New Jersey

---

***“Discovering New Drugs Against Metastatic Cancers”***

October 11, 2022

Yibin Kang, PhD  
Warner-Lambert/Parke-Davis Professor of Molecular Biology  
Princeton University  
Associate Director for Consortium Research,  
Rutgers Cancer Institute of New Jersey

---

***“Prostate Cancer Care Communication (PCCC)  
Survey Study Review”***

January 10, 2023  
**Community  
Scientist Cohort  
ONLY**

Kathryn Greene, Ph.D  
Professor, Department of Communication at Rutgers  
University  
Member, Rutgers Cancer Institute of New Jersey

---

***“Diet, Metabolism, and Cancer”***

January 11, 2023

Joshua D. Rabinowitz, M.D., Ph.D.  
Director, Ludwig Princeton Branch  
Professor of Chemistry and the Lewis Sigler Institute  
for Integrative Genomics Princeton University

---

---

January 24, 2023  
**Community  
Scientist Cohort  
ONLY**

***“B-REP Pilot Study Review”***

Angela Fong, PhD  
Instructor of Medicine, Section of Behavioral Sciences,  
Rutgers Cancer Institute of New Jersey  
Department of Medicine, Division of Medical Oncology,  
Robert Wood Johnson Medical School

---

March 6, 2023

***“A Novel Decision Aid for  
Prostate Cancer Screening in Minority Men”***

Evan Kovac, MD, CM FRCSC  
Associate Professor  
Department of Surgery, Division of Urology  
Rutgers New Jersey Medical School Newark, NJ

---

April 4, 2023

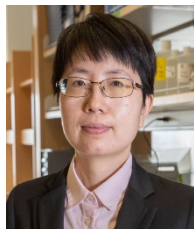

***“Cancer on a Chip:  
What Can We Learn from Engineered Tumors?”***

Dr. Celeste M. Nelson, Ph.D  
Wilke Family Professor in Bioengineering  
Professor of Chemical & Biological Engineering  
Princeton University

---

May 15, 2023

***“Discovering New Drugs Against Metastatic Cancers”***

Dr. Pingping Hou, PhD  
Assistant Professor, Center for Cell Signaling  
Department of Microbiology, Biochemistry  
and Molecular Genetics  
Rutgers RBHS-NJMS Cancer Center  
Rutgers Cancer Institute of New Jersey

---

May 23, 2023

***“Revealing the Moments When Cancer Begins”***

Michael Verzi, PhD  
Professor, Department of Genetics  
Human Genetics Institute of New Jersey  
Rutgers Cancer Institute of New Jersey

---

June 15, 2023

***“The Therapeutic Implication of Leukemia  
Inhibitory Factor (LIF) in Human Diseases”***

Wenwei Hu, PhD  
Professor, Department of Radiation Oncology  
Rutgers Cancer Institute of New Jersey

---
