Oncology Nursing Education Symposium

Target Audience: Nurses from all settings, Pharmacists, Physical Therapists, Respiratory Therapists, Student Nurses and Faculty.

Purpose: This program will explore the diverse topics in care of the Oncology patient. The emphasis will be on client centered needs emphasizing critical thinking for care that reflects best practice.

Learning Objectives:

After attending this program the participant will be able to:

1. Describe the demographic of the elderly.
2. Describe the strengths and maladies of the aging heart.
3. Describe “liquid” tumors in the aging population.
4. Describe the unique psychological vs. physical distress in the elderly.
5. Describe palliative care themes in aging populations’
6. Describe the research and practice of “Breaking Bad News”.
7. Describe legal protections and remedies available for senior community members.
8. Describe the treatment of “solid tumors” in the aging population.
9. Describe Elder Life” Programs: goals for keeping seniors well and engaged.
